WYOMISSING POLICE DEPARTMENT MISSION STATEMENT

The mission of the Wyomissing Police Department is to serve all people with respect, fairness and compassion, and to be sensitive to the priorities and needs of the people. We are committed to the protection of life and property, the preservation of peace, order, and safety, the enforcement of laws, and the safeguarding of constitutional rights.

With community service as our foundation, we are driven by goals to enhance the quality of life in the Borough by investigating problems as well as incidents, seeking solutions, and fostering a sense of security in the community. We are going to gain public trust and support by holding ourselves to the highest standards of performance in our duties.

Mayor, Honorable Borough Council Members and Respected Citizens of the Borough:

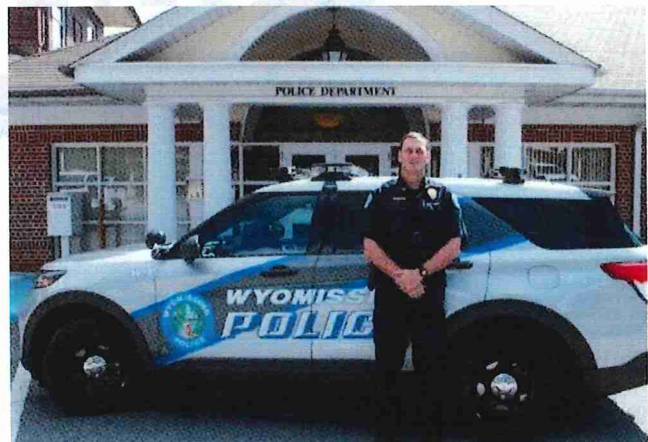

It is with great pride and commitment that I present the 2024 Annual Report of the Wyomissing Borough Police Department. 2024 marked the 110th year of law enforcement services being provided to the borough, and my 28th year in law enforcement. This year has marked a significant period of growth, resilience, and service to our community. Our department remains steadfast in its mission to ensure the safety and well-being of all residents, visitors, and businesses within our jurisdiction. Through continuous collaboration with our community, we have strived to meet the evolving needs of our borough, maintaining high standards of professionalism, accountability, and transparency.

Throughout 2024, our officers have worked tirelessly to uphold the law, prevent crime, and address public safety challenges. In addition to traditional law enforcement efforts, we have expanded community outreach initiatives, strengthened partnerships with local organizations, and enhanced our crisis response abilities. We are proud of our officers' unwavering dedication, often going beyond the call of duty to make a positive impact on the lives of those we serve. We also recognize the importance of maintaining a well-trained, well-equipped, and diverse workforce to meet the demands of modern policing.

This report highlights key accomplishments, including significant reductions in crime rates, strict adherence to the budget, and increased community engagement efforts. We have also placed a strong emphasis on transparency and accountability by enhancing our internal review processes and providing updates on departmental activities. Our approach to policing remains grounded in building trust, fostering positive relationships, and ensuring that every interaction with the public is respectful, fair, and just.

As we look ahead to the future, we remain committed to adapting to the changing needs of our community, embracing new technologies, and continuing to invest in the professional development of our officers. Together, we can create a safer and stronger community for all. I thank the Mayor, Borough Council, and the citizens of our borough for their continued support and collaboration as we work toward a brighter future for everyone we serve.

Chief John G. Phillips

WYOMISSING BOROUGH POLICE 2024 END-OF-YEAR REPORT

EXECUTIVE SUMMARY

- 8,909 total calls were handled in 2024, which is a increase of 1,395 from 2023. 2024 was the busiest year on record for the police department. Traffic violations, Alarms and Non-Reportable Accidents round out the top three incident types in 2024.
- A total of 376 adults and juveniles were arrested in 2024, a decrease of 92 from 2023. There were a total of 476 incidents that involved UCR reportable offenses, those cleared by arrest or exceptional means gave the department a respectable 77% clearance rate.
- Naloxone was administered four (4) times in 2024 by Wyomissing Police Officers to persons overdosing on opioids. All individuals survived their incidents.
- A combined total of 3,632 traffic citations, parking tickets and warnings were issued. Officers continue to take an incident number for all traffic violations to better track the total number of stops being made and their outcome. A breakdown of those stopped can be found within this report.
- There were a total of 711 crashes in the Borough. 411 of the 711 crashes were non-reportable and 193 were reportable. We were also fortunate to have registered zero (0) fatalities.
- Police Officers patrolled a total of 127,125 miles and consumed 13,371 gallons of fuel.
- The Police Department brought in \$234,592.05 from arrests, fine monies, requests for reports, billing for excess alarms, and overtime reimbursements from grant money. Department expenditures totaled \$3,270,164.00.

POLICE OFFICERS

The Department supervisory staff at year's end consisted of myself, Chief John Phillips, Lieutenant Paul Baur, Sergeant Peter Purcell, Sergeant Richard Karstien, Sergeant Scott Schaeffer, Sergeant Sean Engelman and Detective Sergeant Kevin Quinter. The Mayor of Wyomissing continues to be the Honorable Frederick C. Levering.

The 2024 roster ended with 22 full-time officers. Below is a list of those officers:

Chief John Phillips	Officer Bryan McIntyre
Lieutenant Paul Baur	Officer Rubiel Estevez
Sergeant Peter Purcell	Officer Ryan Hurlbrink
Sergeant Richard Karstien	Officer Corey Moser
Sergeant Scott Schaeffer	Officer Shannon Barr
Sergeant Sean Engelman	Officer Brandon Moris
Detective Sergeant Kevin Quinter	Officer Alexander Bird
Detective Joseph Klatt	Officer Samuel Bryant
Detective Matthew Cavallo	Officer Maria Figueroa-Medina
Detective Ryan Solecki	Officer Andrew Dittmann
Officer Ashley Borman-Parker	Officer Cooper Henry

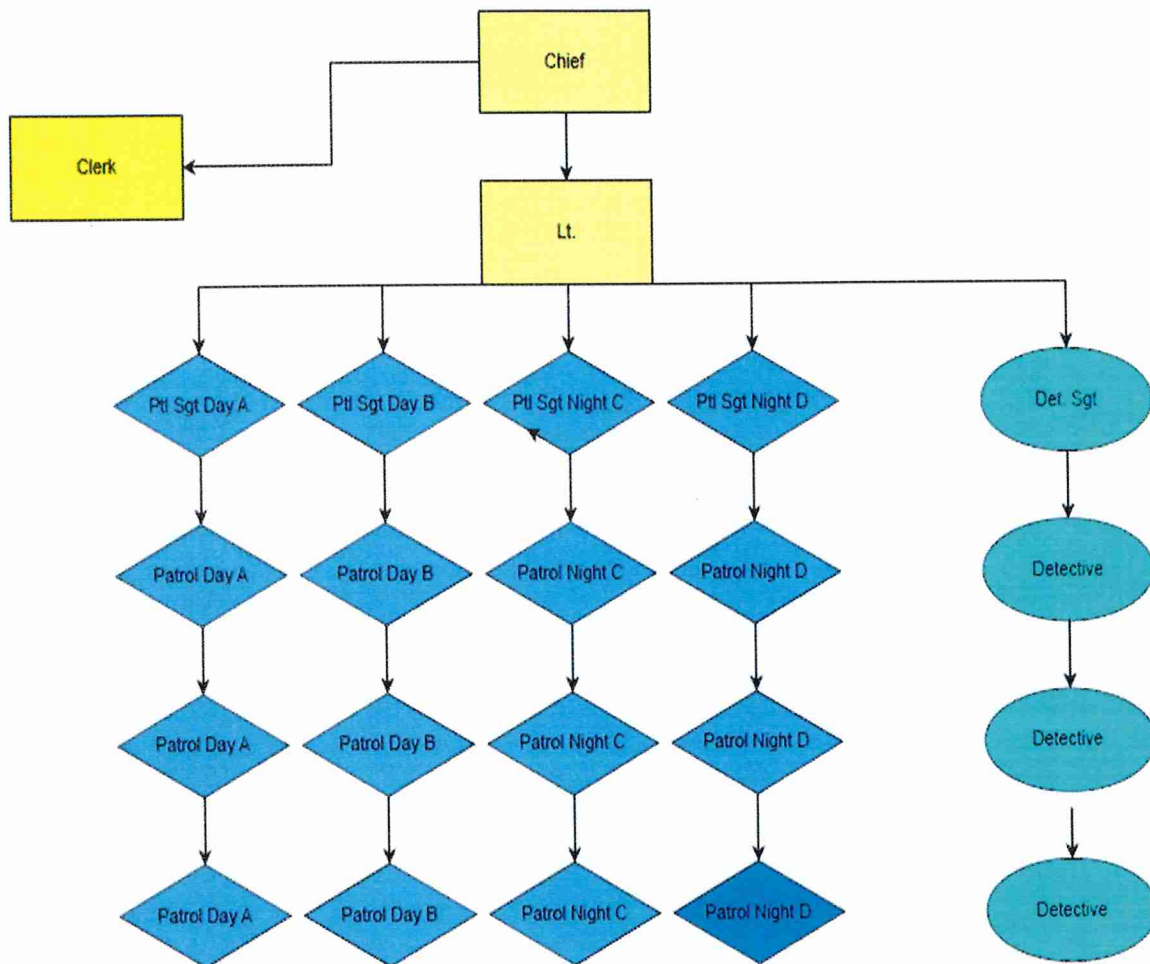

The schedule for patrol officers consists of four (4) squads, two (2) assigned to day shift and two (2) assigned to night shift. The shifts consisted of two (2) twelve-hour stints, the squads working 7a.m. to 7p.m. and 7p.m. to 7a.m. Sergeants Purcell, Karstien, Schaeffer, and Engelman support the basic schedule and supervise the activities of the officers on their squad in addition to other administrative functions they perform.

The Investigative Unit is supervised by Detective Sergeant Kevin Quinter and consists of Detectives Joseph Klatt, Matthew Cavallo and Ryan Solecki. The criminal investigators normally work 8:00 a.m. to 4:30 p.m. and 11:30 a.m. to 8:00 p.m. but are subject to change dependent upon the types and patterns of crimes being committed.

SYSTEMS ANALYST

Christopher Sam continues to provide much needed clerical and data entry help during the week, 7:30a.m. – 3:30p.m. Chris also provides relief in performing many jobs that would take an officer off the street. For instance, if a police vehicle needs to be taken for service, he can transport the cars to and from the garage. State rules and regulations mandate that certain police areas remain off limits. Chris is on hand to oversee contractors when officers are not inside the building. If not for his services, our officers would be spending a great deal more time in the office and incurring unnecessary overtime.

CURRENT POLICE DEPARTMENT ORGANIZATIONAL CHART

SPECIALIZED SERVICES

The Police Department can boast of numerous officers who have an abundance of talent and expertise in specialized fields. These specialized fields are as follows: Bicycle Patrol, Criminal Investigations, Crime Prevention, Range Master, Evidence Technicians, Less Lethal Instructors, Active Shooter response (for law enforcement and the public), MCSAP, Crash Reconstruction, Drug Recognition Expert, Defensive Tactics, and the Youth Aid Panel.

- Sergeant Purcell is part of the District Attorney Accident reconstruction Task Force.
- Detective Sergeant Kevin Quinter, Detective Joe Klatt, and Detective Matt Cavallo are part of the Narcotics Task Force.
- All Detectives are cross-sworn as County Detectives.
- Detective Cavallo is part of the Alcohol Tobacco and Firearms Task Force.
- Four (4) officers are assigned to the Berks County Emergency Response Team (BCERT). Chief Phillips is the commander, two (2) are assigned to the tactical element and one (1) is a negotiator. BCERT is a group of highly trained officers that deal with situations beyond that of a normal officer.
- Sergeant Engelman and Officer Moser are Defensive Tactics and Handcuffing instructors.
- Sgt. Engelman and Officers Moser, Hurlbrink, Moris and Bird are Field Training Officers who train newly hired officers.
- Sgt. Karstien and Officer Estevez are certified to teach CPR/First Aid.
- Officers Borman-Parker and Moris are MCSAP qualified to inspect commercial motor vehicles.
- Sergeant Karstien, Detective Klatt and Detective Cavallo are Firearms Instructors.
- Detective Sergeant Quinter and Detective Klatt are members of the Berks County Human Trafficking Taskforce.

PROBLEM-ORIENTED POLICING

Problem-Oriented Policing is part of our Community Policing initiative. We have been engaged in POP since 2000, in response to problems that appeared in the Borough. Problem-Oriented Policing acknowledges that problems exist, and we try to solve them in a proactive manner rather than simply responding to incidents. This is a process where the separate squads develop and implement plans to combat problems at the source. Over 823 hours were utilized in problem solving patrols last year. Hotels and nightclubs and their residual effect on the Borough account for some of the time spent. Not included in these hours, but associated, are foot patrols, both day and nights, in areas where we see spikes in incidents.

TRAINING

Training is an important part of the Wyomissing Police Department. Training is viewed not as time and money spent, but as invested in preparing our officers to perform effectively and professionally. It also helps to reduce the exposure of the Borough to liability through proper training. Over 3,786 hours were invested in keeping our officers highly trained and well-rounded.

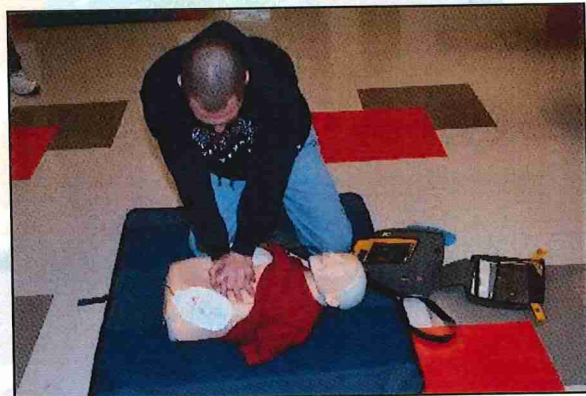

An additional 640 hours of training is attributed to our BCERT team members who attend mandatory monthly training.

We also conduct our own, active shooter training, scenario-based exercises, less lethal munition certification, firearms, and First Aid/CPR certification. Officers must also complete 12 hours of mandatory in-service training. This training consists of 4 separate courses of instruction approved by the Pa. State Police and the Municipal Police Officers Training Commission. This year we continued training our officers in defensive tactics so that they are better equipped at dealing with those individuals that are resistant to arrest so that both they and the officer are less likely to receive serious injuries as a result of that encounter.

In 2024 we continued our partnership with Lexipol, a public safety policy management company. Lexipol runs PoliceOne Academy, a training platform for law enforcement agencies. Each month, officers conduct two (2) hours of online training on various topics. The department policies have also been placed on this platform which helps to ensure officers remain current with policy.

COMMUNITY POLICING AND PROGRAMS

Community policing emphasizes the establishment of a working partnership between the police and community to reduce crime and enhance security. The Police Department continues to work towards that goal by offering numerous and varied community programs and presentations.

These programs are supervised by Chief Phillips and presented by crime prevention Officers Shannon Barr and Maria Figueroa-Medina, and Sam Bryant. Other officers are often asked to participate depending upon the topic.

In 2024, officers were able to participate in 26 activities throughout the year that included Active Threat training, Wyomissing Public Library carnival, Movie in the Park, Coffee with a Cop, Spooky Hollow and Shop with a Cop to name a few.

A yearly favorite activity is Shop with a Cop. Shop with a Cop is a program that the Wyomissing Police partners with Crime Alert Berks County and the Central Berks Regional Police to shop for Christmas presents with less fortunate children.

CITIZEN POLICE ACADEMY

In 2024, we once again partnered with the West Reading and Spring Township Police Departments to run a Citizen Police Academy from October to November. The Citizen Police Academy began in 2009 but stopped in 2020 because of the Covid-19 pandemic. All participants enjoy the program, and the entire experience is a give and take of information between police and the public.

The academy is designed with three goals: to educate citizens to be more proactive in protecting their community; to provide insight into the operations of the police departments; and to build a trusting and understanding relationship between residents and their police.

Topics of the academy included traffic enforcement, pursuits, forensics, criminal investigations, narcotics education and the court system. This has been a very successful program, and classes fill up as quickly as we advertise.

The 2024 Citizen Police Academy Graduating Class is pictured below.

WYOMISSING AREA SCHOOL DISTRICT

Our department continues to have a great working relationship with both the Wyomissing Hills Elementary School and the Wyomissing Area Junior/Senior High School. When available, Officers are present for both student drop-off and pick-up. Additionally, Officers do regular walk-throughs of both schools. The school district does have its own School Resource Officer who handles most minor issues. Any criminal incident of a misdemeanor level or higher is still handled by our department.

SPECIAL SERVICES UNIT

In 1994 the department formed the Special Services Unit, it completed its 30th year of service in 2024. The Special Services unit responded to crime scenes where incidents required multiple pieces of equipment and extended time duration at the crime scene.

Today many people have come to expect that a police department will have a forensic unit. Not only does a jury expect to see a forensic investigation into a crime, but the District Attorneys who prosecute the case do as well.

The unit spent almost 40 hours throughout the year processing 26 crime scenes, evidence at the hall in the processing room and completing all

associated reports. The average time spent on an incident was approximately 1.5 hours. The decrease in crime that will be spoken about later in this report has reduced the number of incidents in which an evidence technician is needed.

The team consists of Sergeant Scott Schaeffer, Officer Bryan McIntyre, Officer Alex Bird, Officer Maria Figueroa-Medina and Officer Brandon Moris.

CAMERA SYSTEMS

The department previously implemented the use of both in-car cameras as well as body-worn cameras (BWC's). Each of the marked patrol cars are equipped with three (3) cameras: front view, wide-angle front view and a camera pointed into the prisoner compartment. Officers assigned to patrol sign out a BWC for each of their shifts and the camera is activated for each call. For 2024, the department recorded 18,998 events. The camera footage from those events continues to prove to be an invaluable asset for both court and training purposes.

The Borough can also boast of having a robust License Plate Reader (LPR) program throughout the borough. The LPR's assist law enforcement by providing a pointer system that may help identify vehicles associated with suspects, witnesses, victims, and to develop exculpatory information that assists in focusing investigative resources. There are numerous static cameras strategically positioned throughout the

borough as well as two patrol vehicles having cameras affixed to them. The cameras were utilized a total of 128 times throughout 2024 to assist officers in investigations.

CRIME AND CALLS FOR SERVICE

The Police Department ended 2024 with 8,909 total calls for police response. This is an increase of 1,395 calls from the 7,514 calls recorded in 2023 and is the busiest year on record for the department.

Criminal offenses investigated were down this year as we investigated 476 criminal offenses in 2024, compared to 634 in 2023, a decrease of approximately 25%. The Wyomissing Police Department differentiates between calls for service and criminal offenses. Calls for Service are those incidents that do not involve a crime but require police intervention. Examples of such calls could be accidents, animal complaints or other quality of life issues.

Generally, theft continues to be the most prevalent crime committed in the Borough. During the year we investigated two (2) incidents of robbery and twenty-three (23) varying types of assault.

Frauds (31) are generally not violent but are extremely difficult to investigate and prosecute. Using the “dark web” offenders can scam people out of thousands of dollars with a few simple clicks. Most times, the suspects are not even in the United States. ID theft and crimes committed via computer are becoming the norm. We are becoming more dependent on computer-savvy police officers, as the public continues to fall prey to computer scams.

UNIFORM CRIME REPORT

The Uniform Crime Reporting (UCR) Program was created in 1929 by the International Association of Chiefs of Police and is maintained by the FBI. The FBI collects, publishes, and records crime statistics. Local departments collect their data and transmit it to each individual state. The States then forward the information to the FBI. See appendix A for complete UCR report.

The Wyomissing Police Department is an investigative department. Instead of simply taking a report, our officers and detectives put more effort into solving the crimes. **The department's clearance rate remains at a high rate of 77%.** In 2019, the national average for clearing violent crimes was approximately 45%, for property crimes it was approximately 17%. The UCR is divided into two parts. Part I offenses are Murder, Rape, Robbery, Assault, Burglary, Larceny, Motor Vehicle Theft and Arson. All other crimes would be considered Part II offenses.

The following table shows the number of crimes committed and compared over a twenty-year period from 2005 to 2024. Criminal offenses in 2024 decreased from 2023 approximately 25%, a trend we hope to see continue.

Year	2024	2023	2022	2021	2020	2019	2018	2017	2016	2015
Number	476	634	637	504	448	505	542	630	716	744
Year	2014	2013	2012	2011	2010	2009	2008	2007	2006	2005
Number	811	884	1013	989	877	979	961	865	896	915

The table below shows several items over a five-year period. Total calls are shown but then they are broken into *crimes* (UCR offenses), *calls for service* and *clearance rate*.

Year	Total Calls	Service Calls	UCR Offenses	UCR Clearance Rate
2024	8909	8433	476	77%
2023	7514	6880	634	73%
2022	7645	7008	637	68%
2021	7232	6728	504	65%
2020	5662	5214	448	62%

The table below shows a five-year comparison between Part I and Part II UCR Offenses and clearance rate for each year.

Year	Part I	Part II	Total Cleared	UCR Clearance Rate
2024	236	239	366	77%
2023	364	270	464	73%
2022	369	278	431	68%
2021	233	277	333	65%
2020	255	210	289	62%

The calls for service remain at a relatively high level in comparison to criminal events. Most police service responses are false alarm activations, accidents, and disorderly subjects. Another reason for high amounts of service calls is that the public often finds it easier to call police to assist them in non-police matters because they do not know whom else to call.

We continue to respond to civil issues and neighbor disputes as service is important in a community. The department is very aware of the "Broken Window" theory, and we firmly believe that if you take care of the small things, the big things take care of themselves. This seems to hold true as we continue to concentrate on our service response and aggressive patrol operations as evidenced by our offenses going down.

ARRESTS

In total, 358 adults were arrested and 18 juveniles, for a combined total of **376** people. That figure does not include those people cited for traffic violations.

Most juvenile crimes are thefts, liquor violations and disorderly conduct. Juveniles (10-17) technically are not arrested but referred to Juvenile Court for disposition. We also continue our partnership with the Berks County Youth Aid Panel. Youths who run afoul of the law are given the opportunity to avoid a juvenile arrest if they agree to terms of a Community Panel who balances the needs of the juvenile with the needs for restorative justice. In 2024, twenty-one (21) individuals were referred to the program, this number is not part of the total juveniles arrested. Officers Shannon Barr and Sam Bryant continued as our department liaisons with the Youth Aid Panel.

The below tables show the demographics of those arrested:

Adult and Juvenile Arrests - five (5) Year Comparison:

Year	2024	2023	2022	2021	2020
Adult	358	435	463	342	299
Juvenile	18	33	16	12	17
Total	376	468	479	361	316

ARRESTS / RACE:

Race	Adult	Juvenile	Total Race
White	271	13	284
Black	85	5	90
Native American	0	0	0
Asian/Pacific Islander	2	0	2
Total Age Group	358	18	376

The number of persons arrested whose race was white totaled 271 or 76% of those arrested. Those whose race was black totaled 90 or 24% of those arrested.

ARRESTS / ETHNICITY:

Age Group	Hispanic	Non-Hispanic	Total Age Group
Adult	141	217	358
Juvenile	9	9	18
Total Ethnicity	150	226	376

Persons arrested whose ethnic origin is Hispanic totaled 150, or 40% of those arrested. Non-Hispanic ethnic origins arrests were 226, which is 60% of all arrests.

ARRESTS / GENDER

Age Group	Male	Female	Total Age Group
Adult	246	112	358
Juvenile	8	10	18
Total Gender	254	122	376

Arrests by gender show 254 males arrested as compared to 122 females. In the above table, males account for 67% of all people arrested and females account for 32% of all people arrested in 2024.

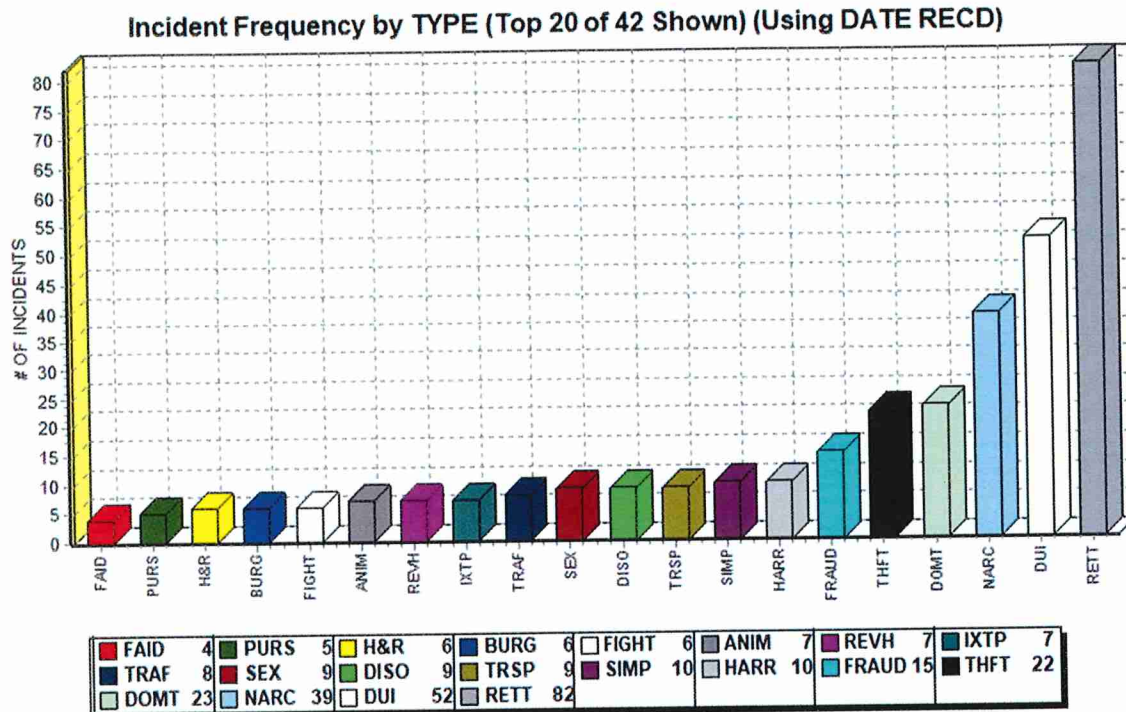

ARRESTS / AGE

Not surprising, the largest number of adults arrested are between the ages of 30 - 34, roughly 17%. 62% of all adults arrested are under the age of forty (40), indicating that crime is a young persons' game. However, we still encounter a small number of older criminals. In 2024, we arrested sixty-two (62) age 50 or older. The table below indicates the number of adults arrested by age group and the percentage that group represents of adults arrested.

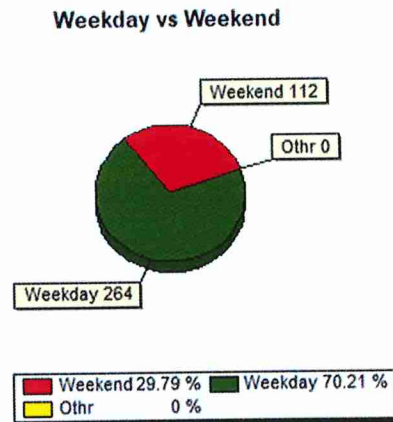

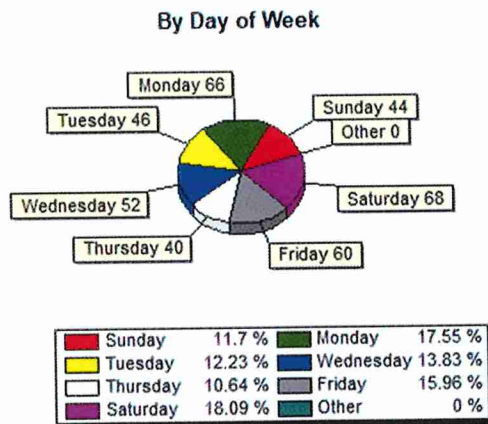

Age Group	Number Arrested	Percentage of those Arrested
18 - 24	57	16%
25 - 29	56	16%
30 - 34	62	17%
35 - 39	48	13%
40 - 44	41	11%
45 - 49	18	5%
50 - 54	28	8%
55+	34	9%

CRIME TYPE

The below chart shows the top 20 incidents that resulted in the arrest of individual(s). Retail theft is the most common offense at 82 total incidents. DUI and narcotic offenses also continue to be high with a combined total of 91 incidents for those two types.

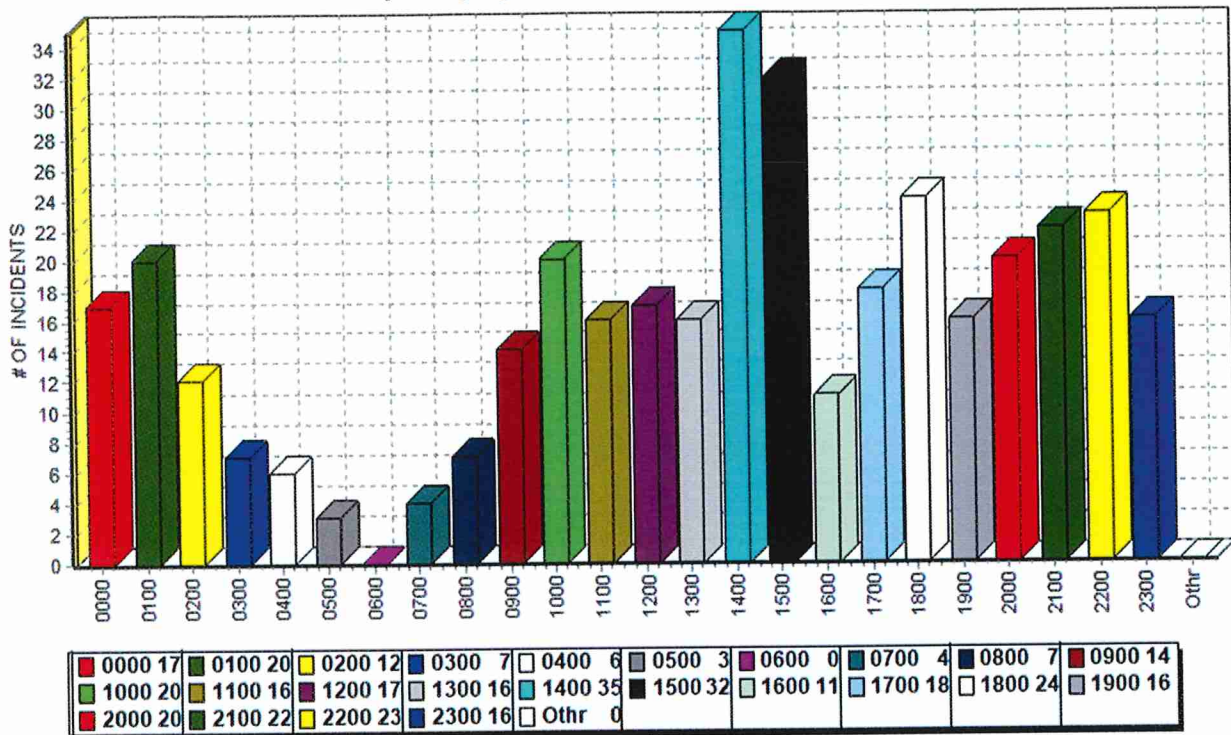

ACCES – ACCESS DEVICE FRAUD; BURG – BURGLARY; AGAS – AGGRAVATED ASSAULT, WANT – WANTED SUBJECT; BCHK – BAD CHECK; THFS – THEFT OF SERVICES; FIGHT – FIGHT; IXTP – INTOXICATED PERSON; DISO – DISORDERLY; SEX – SEX OFFENSE; HARR – HARRASSMENT; SIMP – SIMPLE ASSAULT; REXH – RECOVERED VEHICLE; PURS – PURSUIT; TRSP – TRESSPASS; THFT – THEFT; DOMT – DOMESTIC; NARC – NARCOTICS; DUI – DRIVING UNDER THE INFLUENCE; RETT – RETAIL THEFT.

The above pie charts indicate the days of the week when an arrest was made. Saturday led with a total of 68 arrests made, Thursday was the least at 40.

The below graph shows the time of day when arrests were made. 2:00 pm was the highest hour at thirty-five (35) total arrests, 6:00 am was the lowest number of arrests at zero (0).

Incident Frequency by Hour of the Day (Using DATE RECD)

SUCCESSFUL PROSECUTION

On May 6, 2019, the Wyomissing Police Department began an investigation into a homicide in the Greenwood Mall section of the borough. After approximately two years of an intensive investigation by this agency and the Berks County Detectives, Jarren Walker was arrested. In October of 2024, Walker was tried for the death of Nail Salamov. After a weeklong trial, Walker was found guilty on all charges. The successful prosecution of Walker for homicide was marked by compelling evidence, including eyewitness testimony and forensic analysis, leading to a conviction. The jury found the defendant guilty after deliberating on the case, which presented a clear motive and established cause of death beyond reasonable doubt. The thorough investigation, supported by the seamless cooperation between local law enforcement, played a crucial role in gathering the key evidence that ultimately secured the conviction.

SUBSTANCE ABUSE

All too often crimes have the underlying contributing factor of drugs or alcohol usage. To assist the department, special DUI and liquor enforcement patrols are grant funded, allowing us to be proactive without taking away officers from normal patrol duties. The Police Department overall takes a proactive approach to drug and alcohol involved offenses.

Detective Sergeant Quinter continued his 12th year as a Drug Recognition Expert. In those cases of DUI where no alcohol is present, he can determine if drug usage is the underlying cause for the DUI behavior.

The following table shows a comparison of our substance abuse incidents over a five (5) year period. Our greatest decrease was in narcotic incidents, which can be partially attributed to pro-active policing throughout the borough.

Type	2024	2023	2022	2021	2020
DUI	58	61	61	33	14
Liquor Law	1	3	5	1	3
Public Intoxication	7	12	24	21	10
Narcotics	34	66	63	74	72

Officers continue to respond to opioid events. All officers have been trained in the use of Naloxone, to save lives of users who overdose on opioids. We also carry it for our own safety as heroin is being cut with fentanyl and we may inadvertently encounter and be exposed to the substance. In 2024 we responded on four (4) occasions where Naloxone was administered by an officer. Fortunately, all of the individuals administered Naloxone by a Wyomissing Police Officer survived.

USE OF FORCE

A Wyomissing Officer must complete a Use of Force Report whenever they:

1. Discharge their weapon(s) in the performance of their duty except when training, recreational purposes or the destruction of an animal.
2. Takes any action that either results in, or is alleged to have resulted in, any injury or death to another person.
3. Uses physical force on another person at or above Level 5 force as outlined in department policies and procedures.
4. Discharges chemical agents(s) or a Taser against another person.

In 2024 no incidents required the completion of a Use of Force Report by our officers.

OFFICER TIME ANALYSIS

Officers were available for service a total of 45,020 hours throughout 2024. The following table shows the percentage of time spent by all officers in their various functions throughout 2024.

Function	Percentage	Function	Percentage
Accidents	0.88%	Miscellaneous	4.00%
Assists	2.37%	Office	10.98%
BCERT	1.22%	Phone Assignments	0.75%
Break	2.02%	Physical Checks	0.27%
Community Service	0.27%	Problem Oriented Policing	1.83%
Complaints	1.19%	Roll Call	0.65%
Hearings/Court	1.73%	Routine Patrol	16.05%
Business Checks	11.16%	School Details	0.31%
Follow Ups	21.29%	Time Off	0.82%
Foot Patrol	1.32%	Traffic Checks	4.63%
Function	Percentage	Function	Percentage
Fuel	0.54%	Training	8.15%
Incidents	6.12%	Violations	1.19%
Maintenance	0.25%	Total	100%

Routine patrol was up in 2024. Below is a five-year comparison of the percentage of time spent on routine patrol.

Routine Patrol % of Officer Time:

Year	2024	2023	2022	2021	2020
Percent	16.05%	10.70%	16.9%	18.9%	19.2%

INCIDENT TYPES

With 8,909 incidents recorded in 2024, the types of calls are varied. The Police Department does, however, respond to certain incidents more often than others. The top ten reported incidents comparing 2023 with 2024 are as follows:

2024	Traffic	2,533	2023	Traffic	1,532
	Alarms	735		Alarms	734
	Non-Reportable Acc.	411		Non-Reportable Acc.	388
	Assist other PD's	334		Assist Other Police	265
	911 Hang-up Calls	309		Disorderly	260
	Disorderly Conduct	288		Check on Welfare	248
	Check on Welfare	265		Suspicious Activity	234
	Medical Asst.	241		Retail Theft	231
	Suspicious Activity	231		Reportable Accidents	221
	Disabled Vehicle	200		Automatic Fire Alarms	208

The average amount of time it took a Wyomissing Police Officer to arrive on location to an incident in 2024 was 6.27 minutes, the average amount of time spent on an incident was 26.35 minutes.

The table below shows the top ten calls and the overall approximate percentage of these incidents as they relate to total calls for service.

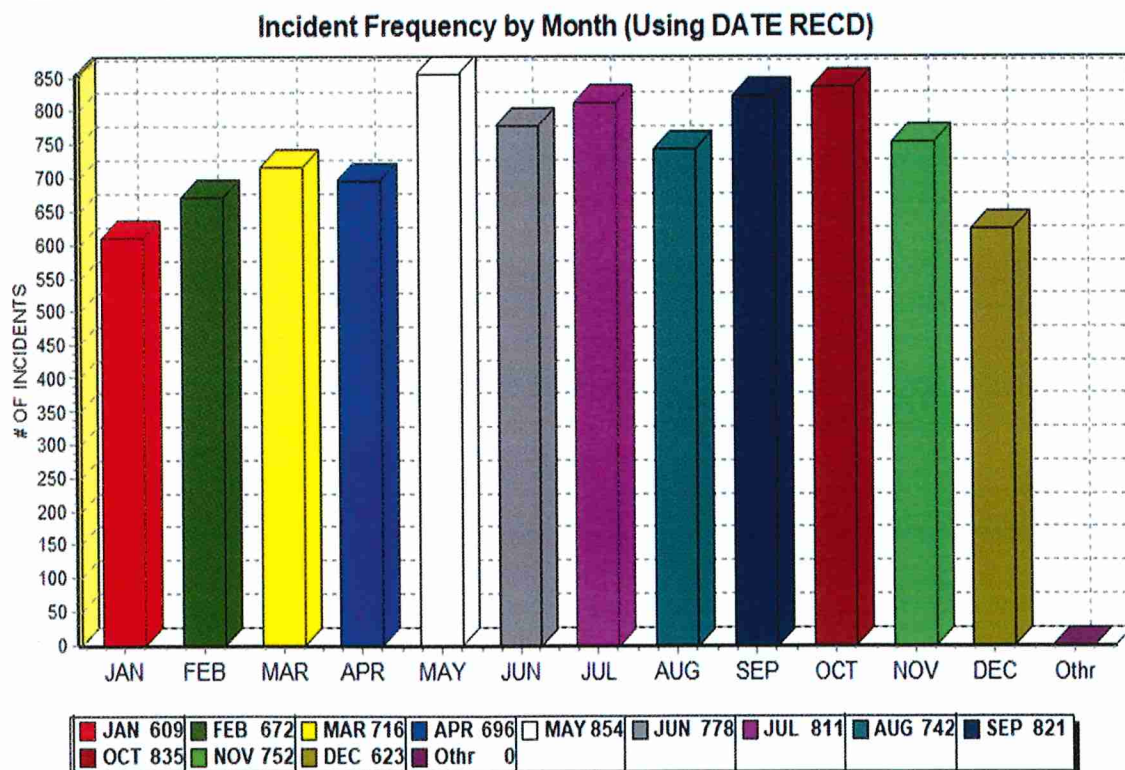

10 Most Common Calls for 2024:

Type	TRAF	BA	ACCN	AOPD	911	DISO	CKOW	MEDA	SUSA	DISV
Percent	28%	8%	4.6%	3.7%	3.4%	3.2%	2.9%	2.7%	2.6%	2.2%

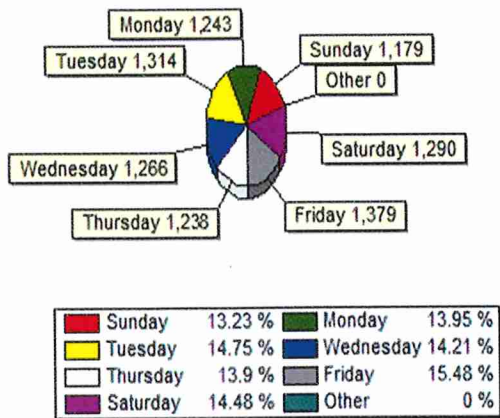

INCIDENT FREQUENCY

The average number of recorded calls per month was 742 incidents. May was the busiest at 854 incidents, and January at 609 calls was the lowest. Realistically, the differences in call volume across the months are minimal, and most likely is attributable to environmental conditions.

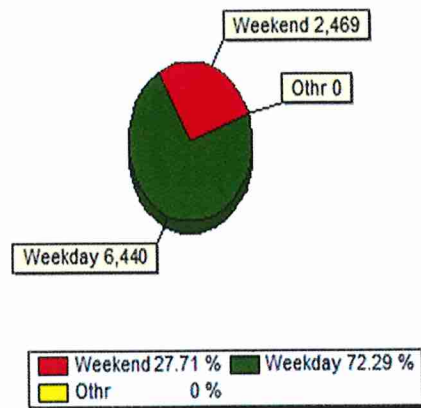

Weekends (Sat. /Sun.) account for almost 28% of our calls while weekdays account for 72%. The busiest day of the week was Friday with 1,379 calls, about 15%. The least busy day was Sunday at 1,179 incidents. Like monthly calls, the difference in call volume across the days of the week is insignificant. Every day is busy.

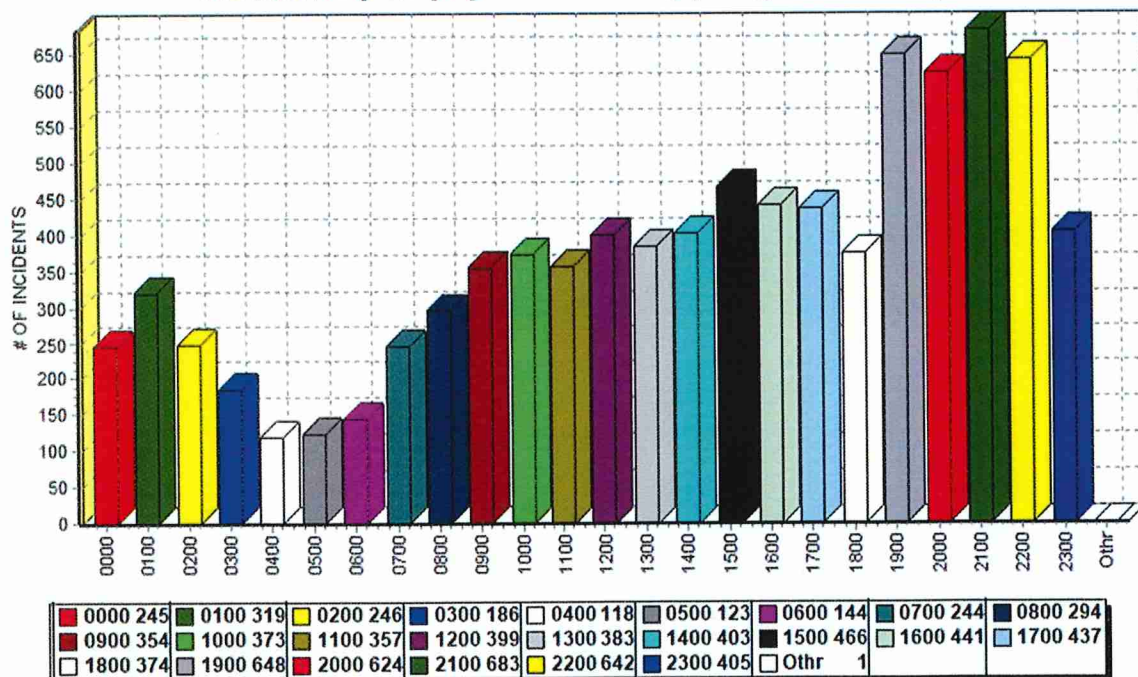

By Day of Week

Weekday vs Weekend

Incident Frequency by Hour of the Day (Using DATE RECD)

The above table shows at what time of the day officers handle incidents. The 9:00 pm hour was the busiest with 683 incidents handled, while the 4:00 am hour was the least busy with 118 incidents handled.

HOTEL INCIDENTS

The Borough is unique in that for a small municipality we have eight (8) hotels in the area, however the Inn at Reading closed in 2024 bringing the total to seven (7) by years end. Thousands of people visit and stay at hotels in the Borough, and as a result in 2024 they generated 301 calls, down from 401 calls in 2023. Insofar as criminal activity is concerned, of the 301 calls, 30 were actual criminal events, or 9.9% of the hotel calls.

The department continues to seek proactive alternatives as our hotels have seen an increase in a wide range of incidents. As a result, we have dedicated a Detective to function as a liaison with all our hotels. However, current reactive arrest measures are a priority.

Detective Klatt is assigned to investigate reports of human trafficking, narcotics and weapons violations. Throughout the year, special details have been conducted at various hotels focusing on individuals using the internet to solicit sex, including from underage individuals.

The below table shows the total number of responses to each hotel, and the number of criminal offenses. The Days Inn accounts by far for the greatest number of calls to a hotel.

Location	Number of Incidents	Number of Criminal Events
Inn at Reading	50	7
Comfort Inn	41	5
Radisson	7	0
Marriott Courtyard	19	2
Hampton Inn	26	4
Days Inn	93	2
Holiday Inn Express	23	2
Residence Inn	42	4
Total	301	30

TRAFFIC ENFORCEMENT AND VEHICLE ACCIDENTS

Traffic stops and parking violations are among the most commonly and widely employed police actions. More citizens meet police at these times than at any other, and their opinion of police operations is often formed through these encounters. The main reason officers conduct traffic stops and write parking tickets is to enhance public safety by encouraging voluntary compliance with traffic laws. The goal is to reduce accidents and injuries on our roadways and to keep the heavy volumes of traffic moving efficiently and safely through the Borough.

We receive residents' complaints of traffic infractions on a routine basis. In response, we conduct special traffic observation details to determine if any additional targeted traffic enforcement is warranted in those areas. It is ironic that upon enforcement we find those committing violations often live in the same neighborhood.

The following table shows our accident totals over a five-year period in the Borough. Overall, we responded to 711 accidents in 2024, virtually the same amount as 2023.

Total Accidents – 5 Year Comparison:

2024	2023	2022	2021	2020
711	715	715	733	820

Breakdown of the 711 Accidents Handled in 2024:

Type of Accident	Total
Reportable	193
Non-Reportable	411
Pedestrian	4
Fatal	0
Hit & Run	98

The number of reportable accidents handled in 2024 was down from 2023, but the number of non-reportable accidents was up. Reportable accidents are those in which someone is injured and taken by ambulance to a hospital, or in which a vehicle needs towing due to damage making it inoperable. Non-Reportable accidents are those "fender benders" where there is no one injured, and no vehicle requires towing.

Reportable/Non-Reportable Accidents 5 Year Comparison:

Type	2024	2023	2022	2021
Reportable	193	221	205	214
Non-Reportable	411	388	397	374

VIOLATIONS

Roadway traffic congestion is a major source of frustration for travelers. Add that to the fact that everyone is in a hurry, and you have the ingredients for road rage and traffic violations. The lack of additional road capacity as populations of licensed drivers, cars, trucks, and miles traveled increase creates aggressive and unsafe drivers. Our officers are required to perform traffic observation checks throughout the Borough on each shift.

Not everyone receives a citation; in 2024 officers issued 1,638 warnings compared to 1,921 citations. Manpower permitting, we will set up special traffic details with some of those focusing on large truck enforcement and truck weighing details.

Incident numbers are generated for every traffic stop to better account for the number of stops conducted by our officers, the reasons for the stop and the outcome. A total of 2,533 traffic violation incidents were taken, this number does not include those stops that ended in an arrest of some type.

The below tables indicate the number citations, warnings, and parking tickets issued, as well as the sex, race and ethnicity of those stopped.

Five Year Comparison of Citations, Warnings, Parking Tickets

Type	2024	2023	2022	2021	2020
Citations	1,921	1,309	1,602	912	740
Warnings	1,638	996	1,406	728	312
Parking	73	48	65	66	43
Total	3,632	2,353	3,073	1,706	1,095

TRAFFIC STOPS / SEX

For 2024 traffic stops, a total of 1,613 males were encountered compared to 830 females.

Male	1,613
Female	830
Unknown	90

TRAFFIC STOPS / RACE

The below table shows the race of those individuals contacted during traffic infractions.

White	Black	Asian	American Indian	Pacific Islander	Unknown
1,908	479	27	1	1	117

TRAFFIC STOPS / ETHNICITY

A total of 1,265 contacted persons were of Non-Hispanic ethnic origins, compared to 1,152 contacted of Hispanic ethnic origins, 116 were unknown.

Non-Hispanic	Hispanic	Unknown
1,265	1,152	116

Two (2) tools we used during the year were a speed-timing trailer, and portable speed sign/counter-recording device. Both machines enable us to check speeds on streets and respond accordingly with directed enforcement. The devices also perform-vehicle counts so we can determine traffic volumes on certain streets and gain accurate counts of speeds rather than relying on public observations where “the cars are flying.” The portable speed signs alert motorists to their speeds. It seems to be working, and it has been requested by many residents to have it installed on their streets.

SPECIAL PATROL AREAS

Wyomissing Borough is unique in that we have a large portion of the Borough dedicated to commercial/retail businesses as well as residential areas consisting of apartment complexes and senior living centers. Both areas account for approximately 30% of all our calls for service. Calls in both our business and residential districts were down this year.

The following table shows a comparison of incidents reported in our Business and Community census tracts over a five-year period from 2020 to 2024.

Year	2024	2023	2022	2021	2020
Business	2,197	1,917	2,145	1,934	1,430
Residential	371	353	470	430	285

Wyomissing residential communities consist of Wynnewood, Woodland Plaza, 7 Oaks, Cambridge Commons, Country Meadows, the Highlands, Tennis Court Condos, Metropolitan and Wyomissing Square.

The following table shows the percentage of residential calls among the entities in each area. The Wynnewood apartments account for the largest percent of these calls.

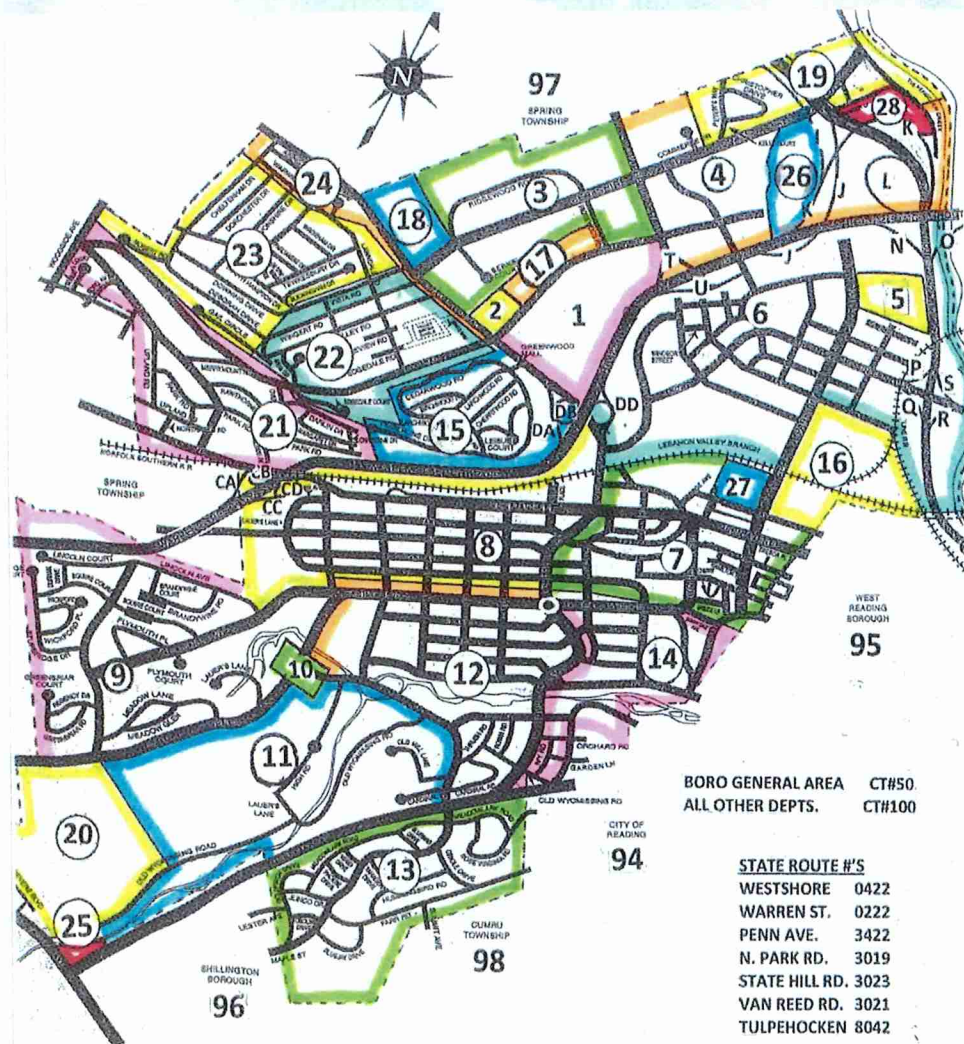

Community	Percentage
Wynnewood Apartments CT#5	31%
Woodland Plaza Apartments CT#2	13%
Seven Oaks CT#19	6%
Wyomissing Meadows CT#28	6%
The Highlands CT#20	16%
Tennis Court/Cambridge Commons CT#10	9%
Wyomissing Square/Metropolitan CT#27	19%

The business community consists of the Berkshire Mall, Mall West, Equios Property, Berkshire Square, The Shoppes at Wyomissing, State Hill Road businesses, and Districts 3 and 4 along Berkshire Blvd. The Berkshire Mall historically accounted for the largest percentage of calls but has been eclipsed by those events at businesses in Berkshire Square and CT's 3 and 4.

Business District	Percentage
Berkshire Mall CT#1	15%
Berkshire Blvd West CT#3	22%
Berkshire Blvd. East CT#4	23%
Mall West CT#17	4%
Berkshire Square CT#18	16%
Equous Development CT#16	9%
State Hill Rd. CT#24	10%
Shoppes at Wyomissing CT#26	1%

Below is a table showing overall the top 10 census tracts per call volume and a map of the borough with the census tracts delineated.

CT#	6H	7	6	8	4	3	18	1	24	16
Total	1,339	1,339	973	744	499	482	348	322	216	204

VEHICLES AND MILEAGE

Patrol of the Borough was conducted by utilizing both marked and unmarked vehicles. In addition to patrolling the streets, we patrol the Borough Parkland System. The Ford Interceptor SUV vehicles have become the workhorse of police departments across the country, as well as our patrol unit. The Special Services van continues to provide support as an emergency command post and mobile crime lab.

Overall, during 2024 our police cars covered 127,125 miles and used approximately 13,371 gallons of fuel. Dependent upon vehicle miles and normal wear and tear, cars are taken out of service and replaced on a rotating basis.

Mileage and Fuel Usage – 5 Year Comparison

Year	2024	2023	2022	2021	2020
Mileage	127,125	100,387	110,146	104,299	120,399
Fuel	13,371	10,512	12,055	9,809	11,875

ASSISTS TO OTHER AGENCIES

During 2024 we were called upon to assist other police agencies. Most of our assists are to our neighboring police departments of West Reading and Spring Township. However, we often are called to assist the City of Reading, Cumru Township, and Shillington Borough Police Departments. Additionally, we also work together on various incidents with the FBI, DEA, ATF, HSI and the DA's Office. The first table shows the number of assists to other agencies during 2024, the second table shows the assists over a five-year period.

Assist to Other Police Departments during 2024

West Reading	Spring Twp.	Shillington	Cumru Twp.	Reading	Other
111	76	20	17	5	105

Assit to Other Police Departments – 5 Year Comparison

2024	2023	2022	2021	2020
334	265	155	155	137

In addition to assisting other police departments, as a police department we have a good working relationship with our fire department and work side-by-side with them. On fire calls, our officers normally arrive on scene first and help get people out of the immediate emergency area as well as block off the area so the fire personnel can position their equipment. Below is a table that shows the types of calls we assist the Fire Department:

Fire Department Assists

Fire Alarms	Fires	Carbon Monoxide Alarms	All Other
178	49	18	22

SPECIAL DETAILS

Our officers are often called upon to perform services for private and/or public events that go beyond our normal operating capabilities. In these instances, we need to specifically assign an officer(s) to the detail and then the requesting party is invoiced for our time. This way the taxpayer is not footing the bill for specialized police service.

There are other times when officers are called upon to perform specialized services and the Borough is not reimbursed. An example would be the Memorial Day and Fourth of July Parades, when officers must direct traffic and control the streets during the parade.

In 2024 we conducted 77 special details throughout the Borough. Requests for road runs are extremely labor intensive and continue to be requested. The Wyomissing Area High School has also cut back on police presence at sporting events since they hired their own Police Officer.

Special Details – 5 Year Comparison

2024	2023	2022	2021	2020
77	77	72	44	43

REVENUES & EXPENDITURES

Revenues:

During 2024 the police department collected fine money generated from criminal arrests, traffic, and parking tickets. The department also collects monies from reports that are requested by outside agencies. Usually these are insurance companies requesting accident reports. The department also generates revenue for invoices regarding excess burglar alarms. Also, the police department received grant money which reimbursed the borough for pro-active overtime enforcement details.

The below table shows those revenues generated by the police department. The District Justice office collects local fines. The County and State collect fines and restitution from criminal cases. Fees for false alarms are invoiced quarterly. Overall, the police department accounted for **\$234,592.05** in revenue.

Revenue Source	Total
DJ Fines	\$49,628.07
County & State Fines	\$13,617.39
Parking Violations	\$850.00
Report Requests	\$7,365.00
False Alarm Fees	\$25,700.00
Other	\$137,431.59
Total	\$234,592.05

Expenditures:

The 2024 budget for the Wyomissing Police Department was set at \$3,685,000, however the final total expenses were \$3,270,164 a surplus of \$414,836. A significant amount of work went into carefully managing and controlling the budget, ensuring strategic decisions were made to generate this surplus.

The below table shows a five-year comparison of budget versus expenses

Year	2024	2023	2022	2021	2020
Budget	\$3,685,000	\$3,253,000	\$3,080,200	\$2,986,049	\$2,951,386
Expenses	\$3,270,164	\$3,328,000	\$2,985,704	\$2,770,167	\$2,693,269

The table below shows the total budgeted and total expense of each line of the 2024 police budget.

Line Item	Budget	Actual Expenses
Police Chief Salary	\$144,000.00	\$144,040.00
Police Sergeant Salary	\$573,000.00	\$603,486.00
Sergeant Overtime	\$68,000.00	\$61,046.00
Sergeant Holiday	\$28,500.00	\$27,899.00
Sergeant Special Services	\$5,000.00	\$9,168.00
Sergeant Holiday Worked	\$28,000.00	\$26,090.00
Police Officer Salaries	\$1,800,000.00	\$1,510,410.00
Police Officer Overtime	\$150,000.00	\$131,141.00
Police Officer Holiday	\$70,000.00	\$73,398.00
Police Special Services	\$30,000.00	\$34,483.00
Police Holiday Worked	\$65,000.00	\$60,582.00

Major Equipment	\$25,000.00	\$18,746.00
Total	\$3,685,000.00	\$3,270,164.00

CONCLUSION

2024 brought the retirement of our most seasoned investigator, Detective Daren Anders. Detective Anders' dedication and expertise have been invaluable to our department, we reflect on the remarkable contributions he has made throughout his career. His commitment to justice, mentorship, and service has left an indelible mark on our team and the community.

While we will undoubtedly feel the loss of his presence, we are confident in our ability to continue the work he so diligently carried out. Our department is fortunate to have a talented group of officers ready to step up and carry on his legacy. We are committed to maintaining the high standards of excellence he set, and we are confident that, with the ongoing support and collaboration of our team, we will rise to the challenge and ensure a smooth transition. Detective Anders' shoes will be difficult to fill, but we are united in our resolve to continue his mission of serving our community with integrity and dedication.

As we close out this year, I would like to extend my deepest gratitude to the Mayor, Borough Council, and the citizens of our community for your continued support and collaboration. The hard work and dedication of our officers have made a lasting impact, and we remain committed to ensuring the safety and well-being of every resident. Together, we look forward to building on our progress and continuing to serve the borough with excellence in the year ahead.

Throughout this year, we have faced numerous challenges, but through teamwork and resilience, we have made significant strides in enhancing community engagement, improving crime prevention, and responding swiftly to emergencies. The efforts of our officers, in partnership with local organizations and residents, have strengthened the bond between law enforcement and the people we serve.

We have also placed a strong focus on professional development and training, ensuring our officers are equipped with the skills needed to navigate evolving challenges effectively. As we move forward, we remain dedicated to upholding the highest standards of integrity, transparency, and accountability.

Once again, thank you for your trust, your partnership, and your continued commitment to making our borough a safer and stronger place for all. We look forward to another year of service, collaboration, and progress.

Respectfully submitted:

John G. Phillips

Chief John G. Phillips
